

Advice of Local Pedestrian, Cycling and Traffic Calming Committee

18 September 2025

Item 32

Parking - Electric Vehicle (EV) Parking - 36 Pitt Street, Redfern

2025/341356

Recommendation

It is recommended that the review the reallocation of parking on the western side of Pitt Street, Redfern between the points 90 metres and 96 metres (two car spaces) south of James Street as "60 degrees Angle Parking Rear to Kerb Vehicles Under 6m Only", "4P 8am-8pm Electric Vehicles Only While Charging" and "No Parking Electric Vehicles Excepted While Charging All Other Times".

Advice

The Committee raised no issues with this Item.

Background

Council at its meeting on 26 June 2023, resolved to adopt the Electrification of Transport in the City Strategy and Action Plan. The strategy outlines key actions to support this transition, including, advocacy, and actions within the City's control.

Action 20 of the Strategy outlines that the City will work with private sector providers to trial paid on-street electric vehicle charging in residential areas with constrained private charging opportunities. This should be cost neutral to the City and avoid negative impacts on the public domain and residential amenity.

In collaboration with Ausgrid and EVX who are the charging point operator, the City is proposing to install dedicated on-street parking for charging of electric vehicle using Ausgrid infrastructure.
