Item 17

Parking - No Stopping - Hiles Street, Alexandria

2025/592359

Recommendation

It is recommended that the Forum review the reallocation of parking on the eastern side of Hiles Street, Alexandria between the points 4 metres and 10 metres (one car space) north of McCauley Lane as "No Stopping".

Advice

The Forum raised no issues with this Item.

Background

Residents and business owners of Hiles Street, Alexandria, has requested consideration of extending the current "No Stopping" zone at the intersection of Hiles Street and McCauley Lane as the current "No Stopping" distance is 4 metres long.

Under current Transport for NSW statutory requirements, a minimum of 10 metres of "No Stopping" distance must be provided from any intersection. Vehicles have been parking too close to the intersection, obstructing sight lines and reducing visibility, which creates unsafe conditions for all road users..
