Background

The City has applied for the temporary road closures of Earl Street and Springfield Lane in Potts Point to undertake road works associated with the installation of shared zone treatments in the street. The closures will be in place in stages as required, between 11-24 December 2025 and between 21 January to 28 February 2026.

Comments

The proposed temporary road closures are required to enable the construction of traffic treatments of shared zones in both Springfield Lane and Earl Street.

Site-specific Traffic Guidance Scheme that includes details of barricades, signs, flagmen and other traffic devices to implement the proposed road closures have been provided.

There are currently no other approved temporary road closures proposed to take place on the same day in this area.

The temporary road closures will not affect any other properties, as local access will be provided at all times and alternative access routes are available nearby.

The Applicant will be required to notify affected stakeholders as stipulated in Schedule B.

Financial

All costs associated with the proposed closures will be borne by the applicant.
