Key Implications

Strategic Alignment - Sustainable Sydney 2030-2050 Continuing the Vision

24. Sustainable Sydney 2030-2050 Continuing the Vision renews the communities' vision for the sustainable development of the city to 2050. It includes 10 strategic directions to guide the future of the city, as well as 10 targets against which to measure progress. This grant is aligned with the following strategic directions and objectives:
- (a) Direction 6 - An equitable and inclusive city - the recommended grant projects in this report contribute to community development and support active participation in civic life. They empower the community to address issues that matter to them and drive projects to create a more inclusive and resilient city.

Organisational Impact

25. The management of grants contracts will involve key staff across the City of Sydney. Identified staff set contract conditions and performance measures for each approved project, and review project acquittals, which include both narrative and financial reports.

Risks

26. This recommendation is within the City's risk appetite, which states:
- (a) We make decisions that align with our corporate objectives, policies and strategies and are committed to conducting our activities in full compliance with applicable laws, regulations and relevant industry standards.

- (b) We foster a culture of ethics, integrity and responsible behaviour across our organisation. By creating a strong ethical foundation, we aim to minimise the likelihood of reputation-damaging incidents and enhance our ability to respond effectively when challenges arise.
- (c) The City has a responsibility to ensure that it has sufficient resources in the short, medium and long term to provide the levels of service that are both affordable and considered appropriate by the community

Social / Cultural / Community / Economic / Environmental

27. The City's Grants and Sponsorship Program provides the City with a platform to support cultural, economic, environmental and social initiatives from the communities and business, within the local area.

Financial Implications

28. There are sufficient funds allocated in the 2026/27 grants budget, included in the City's draft operating budget for 2026/27 (recommended for approval in this meeting cycle) to support the recommended grants.

Relevant Legislation

29. Section 356 of the Local Government Act 1993 provides that a council may, in accordance with a resolution of the council, contribute money or otherwise grant financial assistance to persons for the purpose of exercising its functions and section 377(1A) permits the delegation of the granting of financial assistance in certain circumstances.
30. Sections 356(3)(a) to (d) with respect to providing grant funding to for profit organisations, and sections 377(1A)(a) to (d) with respect to the delegation of the granting of financial assistance, are satisfied because:
- (a) The funding is part of the following programs;

 - (b) The details of the program were included in the Council's adopted operational plan for financial year 2026/27
 - (c) Each program's proposed budget does not exceed 5% of Council's proposed income from ordinary rates for financial year 2026/27, and
 - (d) These programs apply to a significant group of persons within the local government area.

Critical Dates / Time Frames

31. The 2026/27 funding period for the funding programs is for activities taking place 12 months from the project start date. In this report there are also recommendations of funding for future financial years to support activities for multi-year projects. Contracts will be developed for all successful applications after Council approval to ensure their funding is released in time for projects starting.
