Advice

Advice will be updated after the meeting.

Background

Mirvac has applied for the temporary road closure of Darling Drive, Sydney between Murray Street and Pyrmont Bridge Road, Pyrmont and the roundabout leading to the Harbourside development on the southern end of Darling Drive from 8pm on 14th August 2026 to 5am 17th August 2026.

Comments

Mirvac is undertaking the Harbourside Redevelopment project. The proposed temporary road closure is required to enable the stage 2 installation of the Bunn Street pedestrian bridge that spans across Darling Drive and Sydney Light Rail.

The Applicant has provided a site-specific Traffic Control Plan that includes details of barricades, signs, flagmen and other traffic devices to implement the proposed road closure.

There are currently no other approved temporary road closures proposed to take place on the same day in this area.

The temporary road closure will not affect any other properties, as local access will be provided at all times and alternative access routes are available nearby.

Transport for NSW (TFNSW) raised no objections to the Traffic Management Plan (TMP).

Consultation

The Applicant will be required to notify affected stakeholders as stipulated in Schedule B.

Financial

All costs associated with the proposed closure will be borne by the applicant.
