Background

The City's Inclusion (Disability) Action Plan 2021-2025 (IDAP) includes a series of actions designed to actively address barriers faced by people with disability.

One of the actions identified in the IDAP is to "continue to explore and implement strategies to increase access to on-street and off-street accessible parking and drop off points in the City of Sydney area".

Previously the proposal of these changes on the eastern side of Bridge Street, Erskineville, were endorsed and installed in line with the actions recommended in the IDAP, "4P Accessible Parking 8am-10pm". However, due to constructability issues with the pram ramp, the City is proposing to relocate the space 10 metres north of the current location.

Comments

The kerb space where the changes are proposed is to swap the current signposting of the "2P 8.30am-10.30pm Permit Holders Excepted Area 32" and "No Parking Authorised Car Share Vehicles Bay 523 & 850". All other parking restrictions will remain as is.

Consultation

The City consulted local residents and businesses in the area. There were 30 letters sent out with no responses were received supporting or opposing the proposal.

Financial
