Grants assessment process

6. The City's Grants and Sponsorship Program is highly competitive. Applications that are not recommended have either not scored as highly against the assessment criteria as the recommended applications or have incomplete or insufficient information. The City's Grants and Sponsorship team provides feedback to unsuccessful applicants.
7. The assessment process includes advice and recommendations from a suitably qualified assessment panel. The applications are scored against defined assessment criteria for each grant program as well as the integrity of the proposed budget, project plan, partnerships, contributions and connection to the local community and industry sectors.
8. The assessment criteria for the Grant programs was:
 - Need – why is it needed? This is where you describe what you are doing, why it is important and what will happen as a result of you doing this project.
 - Experience – how will you create the project, your skills and ability and your experience in doing projects. This may include a project plan.

- Community benefit – who will benefit from your project, how will they benefit and how have you included the diverse communities in the local area.
 - City of Sydney funding priorities – your project should consider one of the funding priorities as these are identified areas that need assistance.
9. The assessment meetings for the Festivals and Events program were held on 16 September 2025. All applications were assessed against the relevant publicised assessment criteria. The assessment panels consisted of City staff from City Life, Strategy and Urban Analytics Teams, with input from First Nations Leadership and Venue Management Teams.
 10. Once Council approves recommended applications, a contract is developed which includes conditions that must be adhered to and acquitted against.
 11. It is expected that all successful applicants will work cooperatively with relevant City staff throughout the project for which they have received funding.
 12. All grants and sponsorships are recommended on the condition that any required approvals, permits and development consents are obtained by the applicant.
 13. Attached to this report is a high-level summary of the outcomes of the funding if the recommendations are approved. This provides insight into what the applicants have identified as what they can achieve if they receive the funding.
